#1 Sunday, May 24, 2020, I Artavous Dawson was walking down South Benedict Ave., Oak Ridge Tn., Scarborough Community, when a O.R.P.D., Police Cruiser approached me. Two officers, I'm not positive of their names or badge numbers, exited the Squad car calling me by my first and last name detained me, took me into custody, and placed me in the vehicle. I was then taken to the Firehall, outside of the Scarborough Community, where the arresting officers called back up. One familiar officer I do not, Sgt. John Thomas, removed me from the vehicle, punching me in my nose, throwing me onto the ground, hog tied and bound my ankles while severely beating me. After I was placed back into the vehicle, I was taken to another disclosed location, the old Krogers, K-Mart parking lot on Illinois Ave., where I was severely beaten again. If in fact the Squad car cameras and body cameras wasn't on, there are plenty cameras around the Firehall, as well as the old K-Mart and Krogers that captured the footage. Upon my arrival to the Anderson County Detention Facility, I complained to booking officers about excruciating pain to my nose. Pictures were taken of all scars and noses. The same morning I was taken to Medical here at the facility, where the nurse took X-Rays and it was indeed discovered that in fact my nose was broken. Later that night I was transported to Methodist Medical Center, Oak Ridge, where a C.T. Scan was ran on my face, and once again it was discovered that in fact my nose had been broken. Upon me reaching the facility I notified all booking officers of the situation and they all commented that it was evident I had been a victim of excessive force, police brutality. There is a paper trail for the Anderson County Detention Facility to the Oak Ridge Hospital that will prove my case, pictures, X-Rays, C.T. Scan, body cam, Squad car Cam, ect. I am seeking a lawsuit against the Oak Ridge Police Department for Police Brutality, pain and suffering. Could you please take the time to look into the situation and get back with me as soon as possible if interested.

#2 When leaving the E.R., Oak Ridge Medical, the nurse attending to my injury told me I would have a lawsuit filed against the police.

next 7 days. Keep in mind I was arrested on May 24, 2020. A week went by and I still have not received any Medical attention. So on 6-2-20, I filed a Medical request asking Medical staff here at the facility if I still had an appointment to get my nose reset and the response, yes, but they couldn't tell me exact time and date, (Understandable) so I waited sometime to see if I would be taken to get my nose reset and nothing has been done. On 6-7-20, I filed a grievance on Medical For Medical Neglect hear at the facility and they will not respond. The timely manner by law to respond to a grievance is 72 hours. So on 6-10-20, I filed another grievance on Medical for neglecting to respond to a grievance about my Medical Condition, once again I haven't gotten a Response. I am a State Inmate serving a 7-D-O-C Sentence. This facility is paid on a daily basis for housing me state inmates are top priority and the Medical staff hear at the facility are neglecting my medical Condition. I have been incarcerated since May 24, 20 that is also the day my nose was broken by officers, today's date is June 16, 20, I haven't been anywhere near a doctors office, my nose has healed up broken, so it will have to be rebroke just to reset. Joey Sieber is also using you for a case against Anderson County detention facility against medical staff and he has referred me to you. Could you please look into the matter and get back to me as soon as possible.
